**NEOS PREWASH**  
The new prewash detergent

# NEOS PREWASH

is the new prewash detergent formulated by the Allegrini Research&Development laboratories. Based on selected high quality surfactants, Neos Prewash ensures **high cleaning and dirt emulsifying power**, removing grease, dregs, smog and traffic film from car bodywork.

## How?

Using a foaming nebulizer and nebulizing from bottom to top, Neos Prewash **creates a strongly degreasing foam that well grips to the external surface without drying.**

## Which are the advantages?

- High concentration of product with **excellent detergent action**
  - **Easy to rinse**
- Prepares the car for the next washing phases
- **It does not release acrid odors**
  - **Delicate** on the bodywork

## Ideal for:

- All external car surfaces
  - Tarpaulin
  - Rims, weels, engines and chassis

## The added value

Allegrini historical philosophy focused to man and environment care is complied, as well, in the formulation of Neos Prewash, which is created following a careful **research and selection of top-quality surfactants with the aim of improving the work of professionals** in the sector. Neos Prewash, in fact, does not release those not pleasant smells, typical of detergents of this category, making operators' work more comfortable.
